...When it reaches maturity, at a time when it feels that its existence has a point, the silence is broken by the scrunching noise of the mechanical saw. It falls with dignity, says farewell to its fellows and leaves for a place where it will wait again the fulfillment of its destiny...

Professional Violins

Each level of Professional Violins - 'Gama' and 'Genova' - speaks for the quality of materials, craftsmanship and musical tone, being with or without ebony ring. There are four designs of Professional 'Gama' instruments: the Professional regular, Special, Super and Unique. The 'Professional Super Violin' is generally one-piece back, very-Flamed. The 'Professional regular' is similar, but with a two-piece back. The 'Professional Special' is made with Bird's Eye Maple or Wild Maple back, neck and ribs. The 'Professional Unique' - with the back of ash, willow or other kind of wood, on request. Each instrument is designed with the trademark 'Gliga' scroll, a unique design made with an elegant, deep cut. Available in 4/4 through 1/32 sizes and with either standard or antique finish. The 4/4 size is available in either Stradivari or Guarneri.
